DETAILED ACTION

Examiner's Statement of Reasons for Allowance

1. Claims 1-8,10 and 12 are allowed. The following is an examiner's statement of reasons for allowance: Applicant has properly amended the specification and claims to overcome the previous rejections under 35 U.S.C. 112; clarifying claims 1-8,10 and 12 and canceling claims 9 and 11. Independent claims 1, 3, 4 and 10 teach multiple polarized coherent light sources of a predetermined wavelength which are emitted sequentially to atoms in response to the atoms magnetic sublevels, said sublevels being the levels to which electrons within the atom are cooled. These features, in combination with the remaining limitations of the claims, are neither taught nor reasonably suggested in the prior art. The claims are allowed for the reasons stated in the prior Office Action
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
